

## How to fill out your thesis contract

You fill out your thesis contract via [Self Service at KUnet](#)

1. Click on **Enrolment, courses & exams** in the left menu.
2. Under the tab **Examination** you choose **Dissertation contract**.

While you fill out your thesis contract, it will have the status **Being processed**. You can at any point **save** or print your contract and continue at a later point in time. When your thesis contract is completed and ready to be sent for approval, you press **Ready for approval**.

Contract status **Being processed**

Contract status **Ready for approval**

Contract status **Approved**

After you press 'Ready for approval' you must **generate a PDF** edition of your contract. You do this by pressing **Print**. **Mail the PDF to your responsible supervisor**. Write the following in the subject field: **Thesis contract ready for approval**.

While the contract has the status **Ready for approval** you cannot edit the contract.

When your contract is **approved**, you will receive an email from SCIENCE Study Administration with information e.g. the deadline for your thesis. This deadline will also appear in your contract here at Self Service.

### Other dissertation participants

If you are to write your thesis in a group and **all members of the group are at the same study programme**, you must choose one of you who is responsible for forming the thesis contract. You must all press **Ready for approval** in your Self Service before the general contract is sent for approval.

State the other group members.

- **Study ID:** State the UCPH username.
- **Email address:** State the Alumni mail, [UPCH username]@alumni.ku.dk, e.g. xyz123@alumni.ku.dk

If you are to write your thesis in a group and **the group members are at different study programmes**, you should not fill out this field. Instead, you must state the other group members under the **Additional Information** entry field. All group members must fill out a thesis contract before your contract can be approved.
